4th Scandinavian TCM Congress

„Chinese Medicine and Spirituality: Cultivation of the Practitioner, the Healer and the Alchemist “

Yair Maimon, Isreal

Dr. Maimon is an internationally renowned figure in the field of Integrative and Chinese Medicine with over 25 years of clinical, academic, and research experience in the United States, Europe, and Israel.

Dr. Maimon integrates complementary and western medicine in his own unique way. He combines a vast background of TCM styles with a wide clinical and teaching experience. His teaching is clear and inspiring.

He heads an integrative research center in one of leading Hospitals in Israel. He has developed a special insight in diagnosis and treatment of variety of psychological, autoimmune disorders and cancer, which is coming from a deep understanding of the application of Chinese medicine to ease suffering and promote healing. He had published several outstanding research articles relating to acupuncture and herbal medicine. He was privileged to study personally with some of the best teachers, all around the world. Graduated from schools in England, Holland, U.S.A and China, Dr. Maimon practices and have been trained in different methods of Chinese medicine such as: "5 Elements", TCM, Stems and Branches, Japanese Acupuncture, Chinese Herbal medicine, and studies of ancient texts. This also includes postgraduate specialization in: Pediatrics, gynecology and oncology.

Currently, Dr. Maimon is the Head of "Tal center" - integrative cancer research center, institute of oncology - Sheba hospital; Head of the Israeli center for research in complementary medicine (NPO); Chairman of the International Congress of Chinese Medicine in Israel (ICCM); Head of "Refuot" integrative medical center. Former : dean and Co-founder of the largest TCM collage in Israel: "Medi-Cin"; Director of a program in Chinese medicine for medical doctors at Bar Ilan University; Lecturer of Medical Psychology at Tel Aviv University; Head of the complementary medicine unit at the Tel Aviv hospital, all the while involved in research and the treatments of hospitalized and out-patients.

Dr. Maimon's teaching is inspired from a deep understanding of Chinese medicine and insights to the Shen's influences on suffering and healing.
