### Newsletter after the 2nd Scandinavian TCM Congress 3rd-6th September 2009

Dear Colleagues of Classic and Traditional Chinese Medicine,

What a fantastic congress we had once again - with workshops, lectures, panel discussions and many more lovely events such as the Joy of Music with Peter Firebrace and Lillian Pearl Bridges or the Salsa evening.

This year around 250 people took part in the congress as either participants, lecturers or exhibitors. There were people from Denmark, Sweden, Norway, Finland, Germany, Switzerland, Ireland, England, Holland, Italy, Portugal and America, South Africa and New Zealand!

We hope that the congress has inspired you both professionally and personally, and that you have found new inspiration and ideas for your work with Chinese Medicine, which you are able to bring into use in your clinical work this very moment.

### Congress Feedback!

We hope you will help us by answering a few questions now that the congress has become a memory and part of your daily life. We would be very grateful for your help.

- What are your overall impressions from the 2nd Scandinavian TCM Congress with the title: Classic Chinese Medicine: Emotions, Spirituality and Alchemy?
- What has inspired you most at the congress? A lecture, a conversation, an event or something completely different?
- Has the congress and its theme around Emotions, Spirituality and Alchemy cultivated your inner healer? Or has it at least answered some of the questions you had beforehand?
- Have you benefited professionally and personally from the networking you were part of at a big event such as this congress with participants from all over the world?

Your feedback will help us make a great 3rd congress in 2011 with the title: Chinese Medicine and the Fertile Soul: Childhood, Nourishment and Long Life.

We would like to use some of your words on our website so that others may benefit from your experience with the congress. Please let us know, if you do not want your statements to be made public at our website.

## The Golden Needle

I want to express my deepest gratitude to the Acupuncture Academy Aarhus and Copenhagen as well as Lars Sandrini from the Acupunctureshop. I am very honoured to have received the Golden Needle from the board of the Acupuncture Academy.

It is a wonderful thing to receive this Golden Needle for the work with the congress and what the congress represents and means for Chinese Medicine in Denmark and Scandinavia. On behalf of my team and myself - we are so grateful - and once again THANK YOU SO MUCH!
