

## Newsletter after the 2nd Scandinavian TCM Congress 3rd–6th September 2009

Dear Colleagues of Classic and Traditional Chinese Medicine,

When thinking back on the four wonderful days in September I feel so grateful and wish to thank you all for participating and contributing to making the 2nd congress an even bigger success than the first.

Many of you have sent me comments after the congress, and thank you for sharing your thoughts and for taking time to send me all these positive words.

The next year – 2010 – will be spent working on making the 3rd congress in 2011 worthy of the theme. If you have any suggestions for this, please do not hesitate to send them to me.

The congress website has been updated and is now changing focus from the 2nd congress to the 3rd congress in 2011. But as always you will be able to find pictures, links and useful information regarding both past and future congresses in Denmark. On the frontpage of the website you can watch the introduction speak by Marian Nielsen Joos at the 2nd Scandinavian TCM Congress.

### Comments:

*"Thank you for the great Congress! It was very successful for me and I hope to come again in two years. Thank you;)"* Suzanne Robidoux, Ph. D., Copyright Sales Manager, International Trade Department, People`s Medical Publishing House, Beijing, China 100078.

*„This title: "Classic Chinese Medicine: Emotions, Spirituality and Alchemy" suited me perfect! For me this is not just medicine, it`s life itself. So my impression is coloured of the high spirit of the congress. All from the poetic touch to the teachers holistic and spiritual eye of the patient.*

*I love the sea, so not suprisingly I was very inspired of walking by the ocean. And also because I got help from the lecture of Peter Mole to think more "5-elementic"and to find my own element - water.*

*From exploring my element I have continued my inner work. I can hear my inner healer laugh and see her dance in joy. Thank you for making this possible!*

*I have made contact with colleagues from other countries and my own country as well, that I never would have met otherwise. These contacts do benefit me, professionally and personally and it makes me happy just to think of my visit to the TCM congress in Denmark 2009."* Susanne Lindström, Vedic Acupuncture school, Sweden.
